MOTEUR

Carburant	Gasoline
Marque moteur	Mercury Verado
Puissance (cv)	2 X 200
Capacité eau douce (l)	70
Capacité de carburant (l)	420

DESCRIPTION

The De Antonio Yachts D28 follows the philosophy of its successful predecessors, the D23 and D33 models, gathering the best features of each and completing the range of the brand. It is a 7.99 meters length motor boat, with the possibility of adding a fifty centimeters stern bathing platform. The design of its V shaped hull, allows gliding quickly and developing a top speed up to 38 knots with maximum motorization, as well as a highly comfortable navigation at cruising speed. Its generous beam and weight distribution make this boat very stable for anchoring and give a great habitability on deck.

EQUIPEMENTS DE PONT

Table derrière siège pilote
Table rétractable à l'avant
Mains courantes gainées Morbern
Sundance
Mât à drapeau
